SYSTEMS

Make the most of your space with versatile panel systems. Designed for customizing, panel systems allow you to build a single work area or divide an entire floor in any size office. Get the office you need and the flexibility you want with systems that can change with your business.

Eclipse Panels are an affordable, heavy-duty commercial grade panel system designed to support panel-mounted worksurfaces, wrap-around freestanding desks or simply act as room dividers. Easy to install, easy to configure and a stylish contemporary design makes Solero Eclipse a welcome addition to any office environment.

HEIGHT ADJUSTABLE TABLES

Sit-to-stand working is easy when you have a table with the power to move with you. The human body wasn't meant to sit for hours on end; and as your body's needs change throughout the day, these height adjustable tables change with you.

Enhance Height Adjustable Tables are ideal for a variety of environments from multi user applications to single user offices. Taking productivity to the next level our height adjustable tables just got even better. Featuring an industrial load capacity with a 2-motor system is programmable from 24”h to 72”h and easy to adjust. Offered in black, silver or white to compliment any décor.

PRIVATE OFFICES

As your home away from home and the place where you spend most of your waking hours, your office should welcome, motivate, and inspire. Discover your style here, with desk and storage configurations to keep you organized and efficient, and design elements to bring your perfect office to life.
